

LET US HELP YOU

Some doctors run marathons or sleep rough for charity. Our appraisers offer a free of charge appraisal to doctors in financial difficulties. We pay for your FourteenFish portfolio. Our ethos is that appraisal is a gift of protected time for facilitated self-reflection and personal and professional development planning. It should be empowering. It will fulfil GMC requirements.

Wessex Appraisal Service Ltd. is a private medical appraisal service with over fifteen years' experience as the former Health Education England Wessex Appraisal Service. We pride ourselves on facilitating valuable appraisals with outstanding feedback for all doctors.

We are working with the Cameron Fund to offer pro bono (free) appraisals to help our GP colleagues. The Cameron Fund is the only benevolent fund that solely supports general practitioners and their dependants.

"Really enjoyable appraisal meeting in which the appraiser skilfully increased my sense of well-being and pride in my work performance." Appraisee July 2022

"My appraiser was simply outstanding. Has helped me ride through what has been some choppy waters and given me the confidence to continue with the profession that I love." Appraisee July 2022

"Excellent appraiser, very thorough, listens actively and provides appropriate guidance - all of which is massively appreciated and will make a huge difference to my career and work-life balance over the next 12 months." Appraisee July 2022

"I found him more to be like my mentor than appraiser. Encouraged me to move ahead in the right direction in life itself." Appraisee July 2022

"An Oak tree is a daily reminder that great things often have small beginnings" - Matshona Dhliwayo
